

# WRITING BULLET POINTS

Students often tell us that writing bullets is the hardest part of a resume. When writing bullet points it is important to go beyond just your “duties” at a job. One way to do this is to think of the “5 W’s and an H” rule you learned in school.

**Who:** Who did your job help? The company? Clients? Customers?

**What:** What happened with the results of the job? If you did research, was that information published? If you had to do a report, what was done with that information?

**When:** When did this happen? Daily? Weekly, Monthly? Talking about how often you did something is an easy way to show productivity in your job.

**Where:** Where did your duties occur? Did you have to travel for a job? Were you responsible for interacting with people outside of your organization?

**Why & How:** Why did you do this? How did your job duties help or add to the organization’s ability to function?

**BULLET POINT FORMULA:** Use this formula as a starting point when writing your detailed bullet points.

Below are additional samples of how to add content and valuable details to your resume. The details will set you apart from other candidates and showcase your skills and expertise appropriately.

## EXAMPLE 1

<b>Before&gt;</b>	<p>American Marketing Association (AMA) <span style="float: right;">Fall 20XX - Present</span> Member</p> <ul style="list-style-type: none"><li>• Created personal brand</li><li>• Attended weekly meetings</li><li>• Volunteered at service activities and fundraising events</li></ul>
<b>After&gt;</b>	<p><b>Member</b> <span style="float: right;">Fall 20XX - Present</span> American Marketing Association (AMA)</p> <ul style="list-style-type: none"><li>• Enhanced marketing skills presenting own personal brand to group of 12 area employees</li><li>• Participated in bi-weekly meetings to expand knowledge of branding and brand management</li><li>• Attended and participated in 4 service activities and 3 fundraisers in order to apply learned theory</li></ul>

## EXAMPLE 2

<b>Before&gt;</b>	<p>Sal’s T-shirt Depot, Any Town, IL <span style="float: right;">June 20XX - Present</span> Sales Associate</p> <ul style="list-style-type: none"><li>• Assisted with inventory</li><li>• Provided quality customer service</li><li>• Built displays for featured products</li></ul>
<b>After&gt;</b>	<p><b>Sales Associate</b> <span style="float: right;">June 20XX - Present</span> Sal’s T-shirt Depot, Any Town, IL</p> <ul style="list-style-type: none"><li>• Assisted with daily and monthly inventory of over 1200 domestic and foreign products to ensure accurate stock records and efficient stock management</li><li>• Provided quality customer service utilizing product knowledge to accurately answer customer questions</li><li>• Demonstrated organizational skills handling over 200 cash and credit transactions</li></ul>

An important thing to remember is to quantify. Adding numbers—dollar amount, number of times you did something, or how much of something you accomplished—shows productivity. Productivity is always transferable.
