“I really liked how easy it was to use, **this made me feel less stress when thinking about my future career.**”

“I like the idea of this project and the **clear, individualized experience** that it provides. I think the icons paired with the options to save, check, etc. is super user friendly.”

“The suggestions from My Career Path are **great starting points** for those who need direction for their major!”

“I really enjoyed that it doesn't need to be accessed with an advisor, but just yourself. That's helpful because you can really **dig into what you are needing at that specific time.**”

“I enjoyed the ‘Suggested Activities’ segment of the website. Although I consider myself fairly active on campus, **I still hadn't heard of any of these activities!**”
