Parking Information

As part of your fair registration fee, parking is complementary. We strongly urge you to only bring 2 cars per organization. Students are having a very difficult time finding parking and we don’t want to discourage them from attending the event. We suggest meeting at a location and carpooling if need be (information is listed below).

Parking Options (listed on map):

1. Iowa Memorial Union (IMU) Ramp
   • This ramp is reserved for the fair – this should be the first ramp you try and park at. A sign will say FULL, but it is reserved for Employers visiting the fair and is not expected to be FULL until 10 a.m.
   • You will only need a Parking Hang Tag which you must have to enter the ramp. The Parking Hang Tag will be emailed to you in advance - please share with all representatives attending and print out.
   • When you exit from the IMU Ramp, the gate will go up after the fair and you will not need turn in anything as you exit.

2. North Campus Ramp
   • If you park at the North Campus Ramp please note that you will need a parking voucher (which you pick up at the Employer Check-in table) to pay for parking as you exit.

Please note, the Capitol Street Ramp is a back-up ramp location.

When you arrive at the IMU to set-up for the fair, please enter through the East Lobby (directly across from the IMU Ramp exit) to check-in.
